Subject: Program change for 20th November

Dear member

The program for the meeting has had to be changed as Jenny Wainwright-Klein is unwell and unable to attend the meeting. We wish her a speedy recovery. We hope she can come to the November meeting next year.

Jim Jermyn is now preparing a talk entitled " A closer look at some of Nepal's Meconopsis and a few other genera, through the lens of Mike Hirst" in her place.

The rest of the program is unchanged.

We hope you can come to the meeting on Saturday in the Conference Room of the Royal Botanic Garden, Edinburgh.

Best wishes
Norma McDowall
