

The Meconopsis Group

Species Questionnaire (September/October 2012)

For his forthcoming monograph, it would be very helpful for Christopher Grey-Wilson to know what **species of *Meconopsis*** are in cultivation, both at the present time, and in the past. We would therefore be very grateful if you would complete the questionnaire below and return it **by November 3rd 2012** to:
Norma McDowall, 20 Oakwood Avenue, Paisley, Renfrewshire, PA2 9NG (United Kingdom)

Name

Address

..... Post Code.....

Email address

Where you grow *Meconopsis* (if different from above) Post Code.....

A List of species that you grow regularly with ease or relative ease_

Species	Origin*	Date(s) of growing*	Photo*Y/N	Extra Comment

continue overleaf

B List of species that you grow occasionally_

Species	Origin*	Date(s) of growing*	Photo*Y/N	Extra Comment

continue overleaf

C List of species grown in the past, but have not been able to grow for some time, with REASON

Species	Origin*	Date(s) of growing*	Photo*Y/N	REASON(S)

continue overleaf

*** For each entry:**

- a. Origin: the source of the seeds, with collection numbers or ex collection numbers, if available.
- b. Date(s) of growing.
- c. Please indicate if you have photographs (Yes or No)
- d. Please add extra Comment if required.

Thank you very much for completing this questionnaire. It is much appreciated. We anticipate an excellent response from our *Meconopsis* enthusiast members!
